My chronicle –

While exploring the world, I had the chance to learn from people of diverse cultures, different places, different faces - but at the end, I got to learn is that unfeigned relationships are built upon having better communications.

With this cognizance, ICPM was born where it's vision is to connect people with in the Healthcare Industry - Service Providers, Healthcare Professionals, Pharmaceutical Companies, & Local Government Authorities to have a long lasting trust worthy business relationships.

Despite the pandemic situation, we all have gone through, the key lesson is the same: no matter where a country is in an outbreak, it is never too late to turn things around and this is the new normal in our day to day living.

I am grateful to get all the support that I have been getting to reach this milestone.

We are now at 7th edition of ICPM starting from January 23rd to 25th, 2023.

Please keep supporting us and do visit us!
